

RENDEZVOUS 2018

ROCK CREEK B.C.

Penticton Geology and Lapidary Club invites you to join us in Rock Creek, B.C. for Rendezvous 2018.

There is a website for all things Rendezvous, with more info to be posted soon.

www.rendezvous2018.blogspot.ca

Accommodations

Motels:

The item that needs your attention ASAP, is booking non-camping accommodations. The May long weekend is a busy time in the region. There is a listing of motels etc on the website.

Camping:

There is ample room for camping on site at the Rock Creek Fairgrounds. The camping area is grass, and there are a limited number of electrical outlets. You are advised to bring an extension cord and power is enough to keep your house batteries topped up, not 30amp service. There are washrooms and showers.

Advance reservation for camping will be first come first serve for power sites. Booking information for camping will be posted here, and sent to all clubs in a month or two.

Camping fees are \$20 per night for sites with power, and \$15 per night for no power and tenting sites.

- Please note - dogs are not permitted on the Fair Grounds. Those bringing dogs will be able to dry camp across the road from the venue. (\$15.00)

Food:

The BCLS has made some changes to the food plans for Rendezvous. There will be no catered banquet on the Sunday. A more family friendly, affordable dinner on Sunday will be a hot dog/hamburger/salad barbeque.

Friday night will be the traditional pot-luck, and conditions permitting, there will be a bonfire after dinner.

The Venue:

We are pleased that this venue provides the buildings and camping all on one site.

Check out the event website, and any inquiries can be directed to the Penticton Club.
